"Bertha's Missions" (Vitaphone)—A humorous story dealing with the adventures of a society girl who thought she was chosen to reform the world. Her experience in making the attempt is, perhaps, a bit more strenuous than the average worker, but there is considerable truth in it, nevertheless. It emphasizes the fact that often these society workers fail utterly to get the viewpoint of the people they expect, and want, to help. This girl faithfully reproduces a type which has attempted much and has often failed in accomplishing what they undertook because of misunderstanding of the position of the party they expect to assist. The big feature photo-play at Dreamland to-day.

"Give Me Liberty

or give me death." Our colonial patriot, Patrick Henry, voiced this sentiment in a time of great injustice and oppression. Womankind, bound under the burden of kitchen drudgery, cries out for help.

"Give me a Hoosier Kitchen Cabinet, or I perish."

What man can turn a deaf ear to such an entreaty?

The cost of a postage stamp every meal for one year will turn drudgery into delight.

THE NEW SERIES

\$1550 Model 21 Full Fore Door Touring Car Has Arrived

For beauty, finish and easy-riding qualities it has no equal. No other stock car can go to a given point and return with the same certainty, comfort and fuel economy. Its speed and power give one choice of position on the road, and no man with good red blood in his veins likes to eat more than his share of dirt or drop out of his position on the road while changing gears when hills are encountered. The Model 21 Buick touring car stands pre-eminent among practical automobiles because it is built to wear longer than any other motor car that does an equal amount of work and receives the same care in handling.

ENDURANCE

Three Buick cars have carried U. S. Mail 110 miles a day and each car has covered over 124,000 miles. There are more Buick cars running to-day that have covered over 100,000 miles than any other make on earth, regardless of their price, horse-power or number of their cylinders. 76,000 Buick owners vouch for Buick Reliability, Long Life and Economy.

GUARANTEE

The Buick one year guarantee is the safest offered by any one in the industry, because it is backed financially by the strongest company building motor cars. When you purchase a Buick Car you have the protection of our great branch house organization, with its shops, stockrooms, agents in every hamlet and unequalled facilities.

DEMONSTRATIONS

Buick Power and Speed are recognized wherever motor cars are run—and power and speed are inevitable results of correct design, good material and careful workmanship. No other stock car can go up the hills on the Buick route on high gear (direct drive). Buick reserve power is so much greater than that found in other medium-priced cars that they easily do the work in mud, sand and mountain roads where other cars must strain; therefore, they last for thousands of miles after their price competitors have been worn out and forgotten.

Call and let us give you one real demonstration in a Buick over the hills of the Buick route. It will form an honest standard by which you can judge all automobiles.
